## All-in-One Conferencing

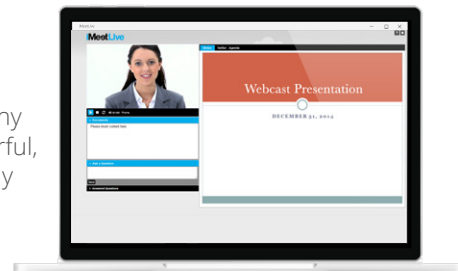

GlobalMeet® enables businesses to experience better engagement and communication — from anywhere, using any device. Utilize enterprise-grade audio, video and web conferencing on our powerful, intuitive platform.

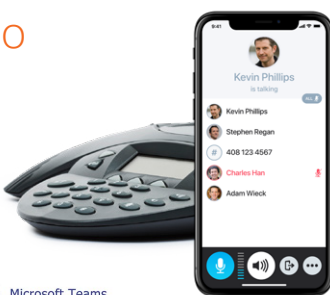

Simple-to-use screen sharing and HD video enhance and optimize the meeting experience, enabling more productive communication across the globe.

## Webcasting | Webinars

Reach your audiences up to 10,000, live or on-demand, on any device with powerful, secure, completely customizable webcasting solutions.

## Integrated Audio Solutions

High-quality, Dolby® enhanced audio conferencing that you can also add to Skype for Business, WebEx, and other services for global reach and reliability. \*Skype Server audio integration available for on-premise environments.

## Event | Operator Assisted Conferencing

For your most important conference calls, PGI's live operator-assisted event experts ensure your event is flawlessly executed from beginning to end. Host up to 15,000 participants from anywhere in the world with consistent global service delivery, streamlined account management, universal pricing and billing, transcription translations, 24/7 global support and more.
